81 Fireplace Ideas That Make a Statement and Dress Up Any Room

These stylish hearths—from heritage marble to natural stone surrounds—will make you curl up fireside beyond the holiday season

Back to black

Sometimes a quick paint job can drastically make over a fireplace. Photo: Dustin Halleck

For her own home, Mollen wanted a more modern space, but didn't want to sacrifice the dentil details of the 100-year-old millwork. The solution: retiling the fireplace surround with marble and painting the original mantel in Farrow & Ball Off Black.

Revive the brick

Painted brick is a quick project for a modern upgrade. Photo: Dustin Halleck

For this family room, Mollen designed custom built-ins around the original fireplace and updated the whole space with a beautiful charcoal gray paint color. “Painting the brick the same color as the built-ins gives it a more modern look,” she says.
